

1 INT.XLANDRIAN CENTRAL SHIP-OUTER SPACE

The scene starts in The Xlandrian king's ship. His goal is to go to planet Shining in order to look for and eliminate his long time rival, Ramada.

X. KING

So... this is the planet Shining,
huh... The planet where he awaits?

REESHO

A few Xlas ago, the planet was taken
over by Ramada.
The planet suddenly has had severe
climate changes since. In turn, The
planet was renamed Hades. If you are
seeking to fight this enemy, my liege,
I'll send out the army.

Xlas are an Xlandrian form of time, similar to decades.

X.KING

...no.

REESHO

!

X. KING

Let me have my fun, will ya?

The show's opening plays.

2 EXT.PLANET SHINING-NIGHT

All of the natives of Shining are walking in a line cuffed.

A young Shinian steps out of line and begins to charge at Ramada's guards. One of the guards catches him, grabs him by the neck, and beheads him with a sword. (The guts are not actually shown as that would be too graphic.)

RAMADA GUARD 1

Check: All natives are captive in this area. What about in the south quadrant?

RAMADA GUARD 2

Check: All natives are also cap-

RAMADA GUARD 2

(Horrificed)

Cap...t-ti-ti-v-v-e!

The guard shakes in fear in sight of a menacing aura. The next shot shows feet walking along the ground, stepping and breaking a skull.

The Xlandrian King rushes, grabs the guard's neck and chokes him. The screen fades out with a long, terrified scream before the scene ends.

3 EXT.PLANET EARTH'S JAISI TOWN-DAY

Jerzel is walking in the streets of Jaisi Town, talking with her friend Rachel.

RACHEL

(curious)

Usually in stories like this, there's an air one too, right?

JERZEL

Beats me about this stuff. I've yet to use these since... you know, I completely destroyed the forest.

(beat)

But... it's kinda tempting, y'know? Knowing I have these powers, I kinda look forward to seeing something explode.

RACHEL

riiiiight. So, anyway, why is it that the cops didn't find you? Pretty sure a blazing forest fire would turn a few heads, right?

JERZEL

You know what? I haven't actually thought about that before. The 5-0's probably searching for answers right now.

RACHEL

But the question is, Why didn't they trace your steps? DNA tests? Nothing?

JERZEL

Believe me, I have a lot more on my record than just forest fires.

RACHEL

Well...

JERZEL

What?

RACHEL

You ever think of a productive use of these powers? Word going around is

that there's gonna be superhero
program being hosted. A free, open
superhero program! Nothing else like
this has ever done before! Common
welps like us could stand side by side
with the legendary Timestopper!

JERZEL

Along with the dozens of other
superheroes that you forgot about.

RACHEL

let's be honest, there's only one
superhero anyone really cares about.

4 EXT.PLANET EARTH'S KROY CITY-DAY

Landon James and Mira James, are sitting at a table atop a small building, about to have a conversation with one another.

LANDON

You sure we want to allow all these people into a program like this? A person could complete the training, but there's no guarantee that person will become a true hero. Some of the most threatening villains have fought on our side at one point.

MIRA

It's true. So-called superheroes have turned on us. But where are they now? In captivity. I believe the more applicants we have on our side, the better we'll be in the long run.

(beat)

Besides! Day After day, the government is monitoring superheroes more and more. If any superhero on our side turns over, they'll be the first ones to take them down.

LANDON

...I suppose. I just don't want another "Origami" incident, y'know?

There's a long pause before the sound of glass breaking is heard. Landon and Mira look that way. A petty criminal attempts to escape a tall, expensive building with a purple high-tech suit. He begins losing control of the car and the brake fails to work. Just as the car is about to hit the crowd of people watching, the screen goes black and white. Mira jumps down in front of the crowd and stops the car by sapping the electricity out of it. Time resumes, and the crowd is wondering what happened. A guy notices Landon and Mira James and calls them out by their alter ego.

CROWD MAN

It's The Timestopper... and Cosmic Spark!

The crowd begins cheering, and the cops pull up to arrest the criminal. A small girl walks up to Landon.

RACHEL
Autograph, please?

LANDON
This is the **4th time this week**. Why do
you need so many?

RACHEL
Um... research?

Landon rolls his "eyes".(They're being covered by shades)

LANDON
...right.

She smiles nervously. Landon darts a
concerned look.

In the midst the crowd, a mysterious figure starts walking
off, but they find something interesting on the ground: A
flyer for the special training program held by Landon James.
It's voice seems very familiar.

IVY
This trip to Earth may take longer
than I thought...

5 INT.CHEYNE'S HOUSE-EVENING

Cheyne and Zaire are watching a show, SeasonS. Zaire and Cheyne are eating popcorn.

CHEYNE

Pretty good if I do say so myself.

ZAIRE

The popcorn?

CHEYNE

The show.

The doorbell and rings and Cheyne opens the door. Cheyne opens the door and Jerzel is revealed.

JERZEL

Guys! You need to see this, quick!

Cheyne, Jerzel and Zaire stand around a table. Jerzel slams a flyer for the Training Program on the table. The table almost flips before Zaire catches it. Cheyne watches and holds his breath.

ZAIRE

Looks like a movie poster or somethin'. Bogus.

CHEYNE

I'm just gonna ignore the fact that you used the word bogus.

JERZEL

It's for a hero training program being held by The Timestopper.

Zaire's face quickly lights up.

ZAIRE

THAT Timestopper!?

JERZEL

Yeah. **That Timestopper.** It says the purpose of this program is to help people with "young heroes" fight on the side of justice.

CHEYNE

Oh, here we go...

JERZEL

You already know that I am **so** in.

CHEYNE

Hold the phone. Have you ever considered that this might not be particularly safe? It's basically superhero training. We could DIE! CTT is **always** getting attacked!

ZAIRE

Considering the fact we survived a bear chase **and** a forest fire, this seems pretty tame. I don't see what we could lose, so **I'm in**. Plus, imagine the food there!

JERZEL

He's smart enough not to put people in such a dangerous area. It's the closest we can get to knowing how these stupid gauntlets even **work**, right?

There is a silence. Zaire and Jerzel look at Cheyne.

JERZEL

Just get in, dude.

CHEYNE

(sighs.) Fine. They're gonna need a better artist anyway.

6 INT.KROY CITY -NIGHT

A poor looking masked girl is running from a store. She turns the corner and picks up one of the flyers. She kneels down in an alleyway and begins to read.

AMANDA

Finally.

Members of a street gang are shown walking, seemingly searching for something. They all notice the girl in the alleyway and run after her. She begins to run from them.
