

1 INT. ABANDONED GYM- NIGHT

ORIGAMI
(in Amanda's thoughts)

"He's a fraud, an absolute imbecile,
and an assault on the name 'hero'."

Amanda is running through a busted-up abandoned gym. She runs up and jabs a punching bag.

She visualises the punching bag as a silhouette of The Metal Faces (the gang that was chasing her in Episode 1) , and proceeds to hit it. She gathers up electricity in her fist and knocks the punching bag off its hinges. She then catches her breath.

AMANDA
(huff) Somehow... (huff) Somehow I
will... (huff)

BLIZZY
Well, you certainly're worked up
today, aren't ya, sis?

She looks behind her to see a figure.

A moderately tall looking teenager with a thin built figure walks into the abandoned gym. He has spiky white hair that sticks to the side and purple skin. His eyes consist of black voids with glowing white orbs for pupils. He's sporting a white muscle shirt and a golden chain with a red gem attached to it.

She smiles. The young man dumps what's inside the bag on a table.

BLIZZY
Some stuff I "picked up" on the way
home. Might last us a day or two if we
use it sparsely.

Amanda picks up a granola bar from the batch of items.

BLIZZY
Good finds, am I right? Although, I
doubt they'll ever let me back in.

Amanda laughs, but the tone quickly becomes serious.

AMANDA

Blizz, Father told me something I've been stressing all night over. "He's a fraud, an absolute imbecile, and an assault on the name 'hero'. Bring him to me... and I might provide what you desire."

Geezer's just spewing out nonsense again. Don't worry 'bout it too much.

AMANDA

I thought that too, maybe it's nothing. But I highly doubt it. The way he's been sending us on these "errands", something really is happening between him and The Timestopper.

2 EXT. SHINING/HADES- UNKNOWN TIME

RAMADA

Well, the "great and powerful"
Xlandrian King is here to crash my
party, huh?

Ramada is shown wearing a black long
cloak that covers his entire body. The
guards stand in a defensive stance
with the captives able to break free.
The citizens of Shining evacuate the
area.

GUARD

Boss, the captives a-

RAMADA

No matter. Besides, rebellion always
adds spice to a good show. They'll
have nowhere to run once they realize-

XLANDRIAN KING

Ramada!

RAMADA

..So much for letting the man speak.
The man being *me*, by the way.

Ramada takes off his cloak. A towering, frightening
abomination is exposed unto the vicinity. A hybrid creature
has a goat face with horns going down the rear of his head
unto his back. His shoulders are giant masses of bone
sticking out, more jagged than knives. His arms and hands are
of a reptilian, oily and scaled. The monster shows legs that
are reminiscent of a kangaroo, except with the properties of
a dragon. Giant wings shaped like a falcon, spread longer
than his body by three fold, with the eyes of a cat. His
voice creeps with the lisp of a serpent.

RAMADA

Anyway, Tavollus. What brings you to
this sector of the galaxy?

XLANDRIAN KING

I doubt you knowing matters in the end
game. I've come to **eliminate you**.

RAMADA

So... You've come to retire these poor specimen from my game and claim yourself as some kind of **hero**? Trust me, I've met too many people with all the same intentions. Unfortunately they all wind up, well... dead.

XLANDRIAN KING

Hero? I'm just a *person on a mission*. I couldn't care less about whatever ***this...*** is.

RAMADA

I'm sure you're secretly dying to know.

3 INT. ABANDONED GYM- NIGHT

AMANDA

He told us to bring him The
Timestopper, he never exactly said
how.

BLIZZY

It's like that old geezer is out of
his mind! We're freaks of society, and
no one's gonna take us in!

AMANDA

Blizzy. I found something when I was
running from the Metal Faces.

She takes out a flyer for the Cosmic-Time Training Program.
Blizzy stares in awe.

AMANDA

I snooped up there during the
orientation to see what was up... an I
got a chance to sign us in.

BLIZZY

And...?

AMANDA

I think if enter the preliminaries and
pass all the tests, they might notice
us as **c**andidates for a spot.

BLIZZY

Of all the things on earth, why would
you want to join a hero program? We
steal in order to survive. I doubt
that's the ideal concept of a
super**hero**. And besides, it's got
nothing to do with our end goal.

AMANDA

The place's got dorms.

BLIZZY

...Wow. Yeah I didn't thinka that.

AMANDA

Yes, it's a gamble. But the choice of
either this or what Father said, I
don't think we have a choice.

BLIZZY

You've never got caught by the 5-0
before. I have. They see me and I'm
through, so there's no way I'm in.

AMANDA

Crap.

She sits down hopelessly on the table.

AMANDA

(sigh)

She goes and hugs Blizzy.

BLIZZY

Mandy, It's gonna work out. Trust me
on that.

The camera pans up to Origami spying from the metal bars on
the roof of the gym building. He grins and puts a mask on.

The ending credits play.

The episode ends.
