ABNORMAL

ABNORMAL

ABNORMAL

ABNORMAL

Results

no abnormal enhancement.

No additional significant pathology

THE ONLY TIME
THEY'LL EVER
CALL ME
NORMAL

Impression

- 1. Normal ultrasound examination of the pelvis.

No restricted diffusion to suggest acute infarction. ventricles demonstrate normal caliber and morphology. flow voids are maintained. There is normal postcor

BUT THEN...

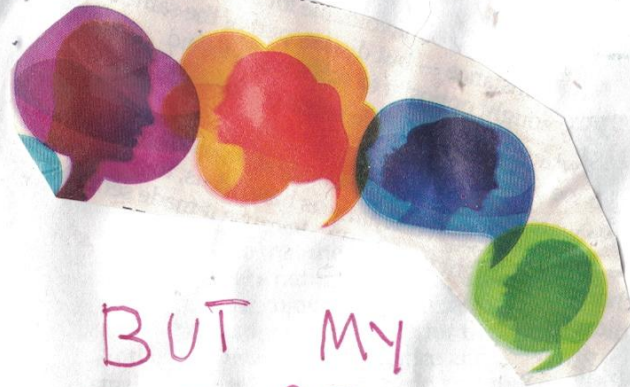

No acute intracranial hemorrhage. No mass effect. The basal cisterns are patent. Major intracranial contrast enhancement of the dural venous sinuses.

WHY DOES IT STILL
HURT SO BAD?

"WHAT ARE YOUR
COPING
MECHANISMS?"

BUT MY
ENTIRE
PERSONALITY
IS
A COPING
MECHANISM.

I DON'T
KNOW
HOW
DIVINE
TO BE
NATURE IS
ABSOLUTE
INCLUSION

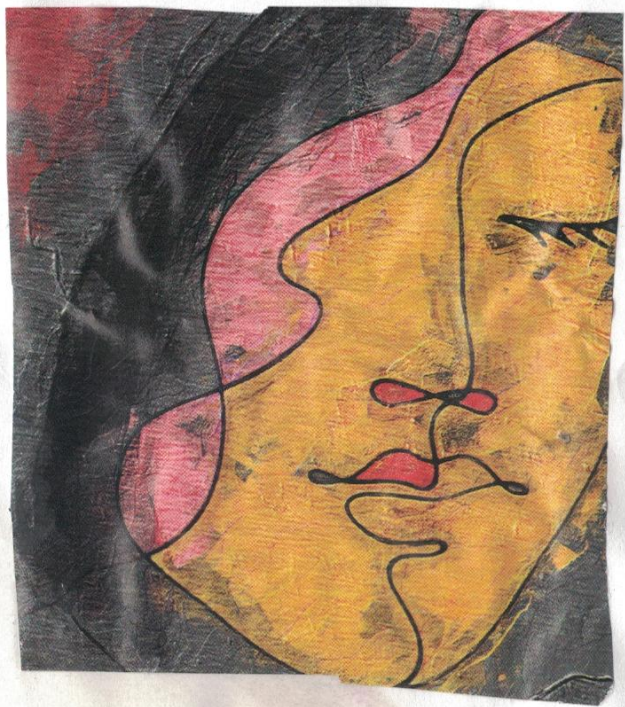

ANYTHING
WORTH SAVING

...
IN THEIR EYES.

I
KEEP
GOING...

THEY WON'T
LET ME

STOP.
