

Denji Mitsuo is Ok

You guys are just mean.

Who *is* Denji?

Denji is this dude.

He's Not That
Bad.

The Allegations

- Dropkicks Luca Fanella
- Hates any and all provli
- Extremely poor parenting
- Overconfident, unbearable know-it-all with the demeanor of a man who *wants* you to take a swing at him so he can retaliate
- Refuses authority except his own
- Yumi's number one hater
- Racecar likes him

I relate to him. That's bad enough.

@aallleexxxxx1

i hate his vibes, i hate everything he's doing

We can ignore all of that.

**LUCA IS IMMORTAL.
NO-ONE CARES.**

“Dropkicks Luca Fanella”

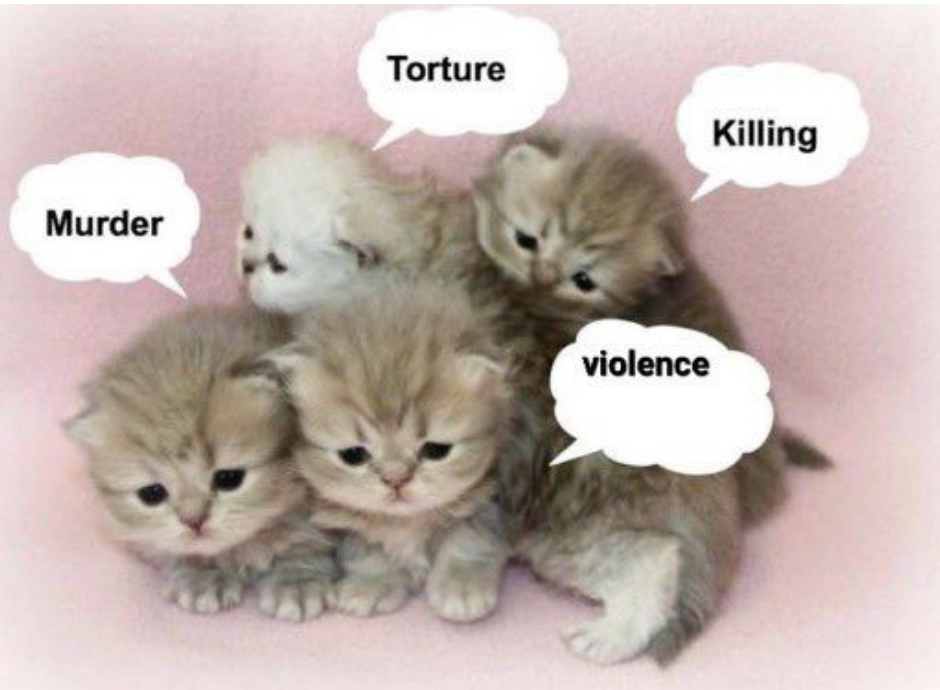

SHE CAN'T DIE
WHAT/WHERE IS
THE PROBLEM

PROVLI ARE INHERENTLY A THREAT

Response to point #2

“Hates any and all provli”

No matter how cute or sweet the provli may seem, all provli are threats to modern ways of existence.

Yes, even your cute Synius cats.

Yes, even the docile cattle of Calypso.

Provli are not a good thing.

THE DIVORCE

Response to point #3

“Extremely poor parenting”

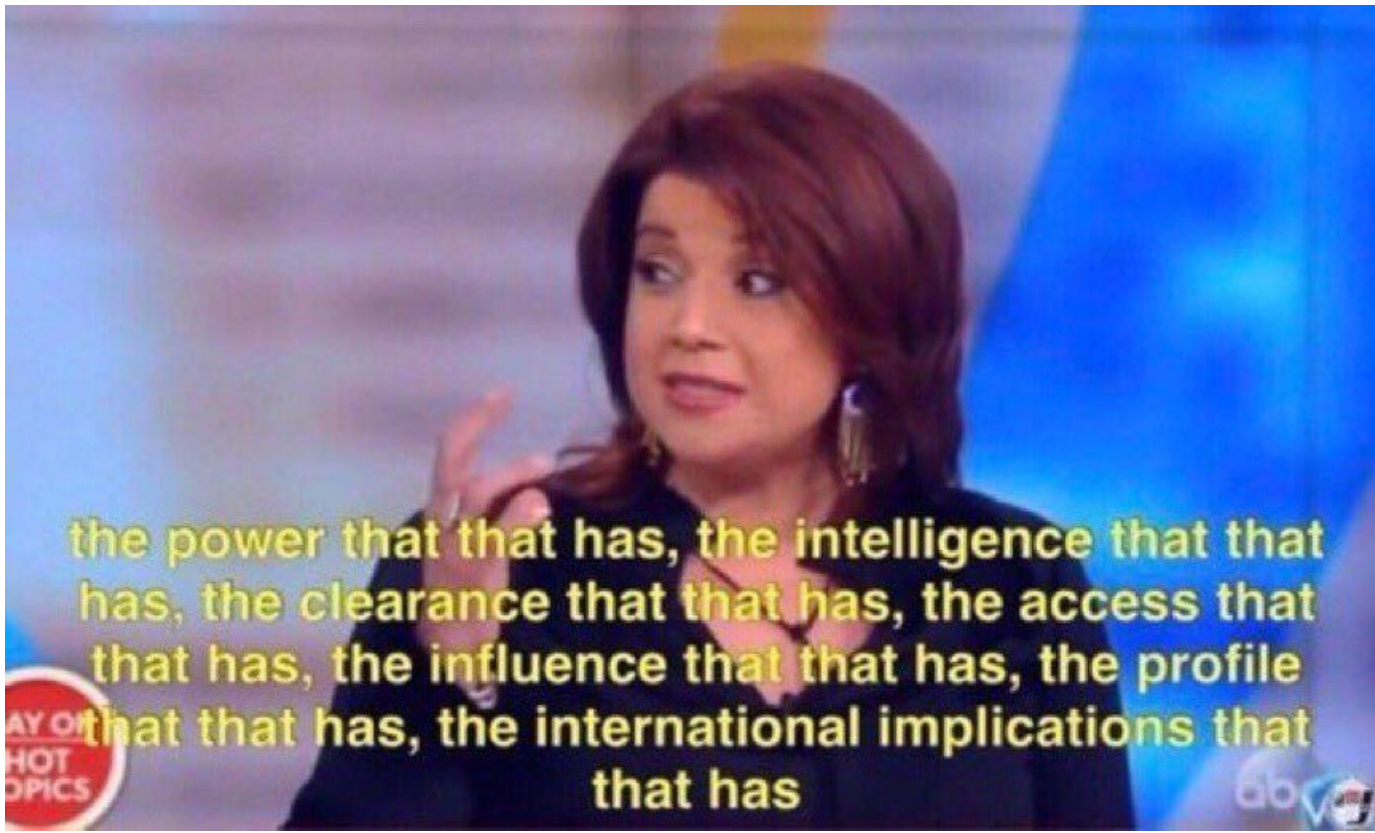

Response to point #4

“Overconfident, unbearable know-it-all with the demeanor of a man who wants you to take a swing at him so he can retaliate”

Denji is the highest authority in Soireaux's Syndicate, and the highest authority as an exorcist in the South of Paville. He deserves his confidence.

He knows more about the workings of syndicates than most due to being prepared for his role for decades.

The last part will have further elaboration at a later slide.

the power that that has, the intelligence that that has, the clearance that that has, the access that that has, the influence that that has, the profile that that has, the international implications that that has

He doesn't need to listen to anyone else's authority. He's the highest form.

Yumi is a provli. Provli
are bad in most
people's books.

[except Diwa's, apparently]

Response to point #6
“*Yumi's number one hater*”

Racecar has impeccable taste in men.

Luca Fanella? Denji Mitsuo? All perfect taste. The belief that this could be a negative is frankly wrong.

**The Last Point is
Irredeemable.**

I am Terrible

I relate to Denji's hyper-aggressive, sarcastic, authority refusing ass on an unhealthy level. I too, am also spoiling for a fight. There is nothing good to say about that, at all.
