You had a Pachirisu before?

I didn't think you were a trainer before me.

I wasn't. I had a friend...

Pachi was a stray I found, er... that found me. We became friends when she caught me drowning.

After that, she stayed around for a long time.

I was a lonely hoodle in Canalave, so she kept me company... I never caught her in a Pokeball since I was 6, so when I moved... she was left behind.

4... you nearly drowned?

oh, lol yeah
