

i know what
i want
now

i was born without
a duty. there
is nothing written
stating what i
should do

that's what
makes it all worth
living. if anything
can be done

nothing
is forever

there is
no right
way

other choices or ways to do it

i dont
get it

Why shouldn't i

is the thing to
ask myself
when i hesitate from
doing what i want
to do

look at the reasons
i give and ~~decide~~
decide if its
really a reason or
a way to hold on to what
i must let go

Did you get permission to feel confident?

You gonna get in trouble

Did you get permission to be happy?

You gonna get in trouble

Did you get the okay to be seen? does people want to see you? you make them upset. Go away until you get the okay

isnt it ok for me to be okay?

Did you get permission?

im 23! I dont have to ask to get the okay to do anything!

You dont

better.

you're doing
fine.

you're allowed
to feel ok
and good
and loved

it's ok to feel
happy

let your self feel anything

if you did not worry about

- basic necessities (water, food, housing)
- access to financial means
- safety in general

who would you be?

- i would play with toys more the way i like to. id make full sets and rooms for them to sleep in
- id dress ~~both super~~ the way i really want. both a full on guy esave look, or super cutesy. no sticking to blending well, or anything that makes me soft
- I would not take so much so seriously. i am so scared all the time. thats why i act this way.
- i would not care so much or do things i dont care to do. the way i wish to live and be makes safety & resources compromised. it is not cowardly? i dont want to be punished or in pain when real.

things i love alot

- toy videos
- i love boys and playing
- plushies
- dressing up in costumes
- role playing

Why wont i
do the simple things
that i love to do alot?

IE playing w toys the
way i love to, focusing
on childish stuff, lifestyle?
indulging in ABN

-REASONS

- i must earn my right to.
- i will be in danger if i do.
- i will be punished.
- it will be taken from me.

so i dont...
not yet.

Do it now.

This is
not needed

What are
my beliefs?

I do not
have to live
in ignorance
of what may
be my
calling
to keep
peace

they aren't
there, that's
for sure

and that's why it's
ok if things that
align with my beliefs.

i can listen to
others
stories

they affirm
things can be
different

i may always live in fear
of people. its a good
thing if i do. but i do
not think i truly hate them.
i just wish to view them
from the other side. and its
okay when i do and
i am not tried to be tamed
and dissected.

im proud
of you guys
for getting
through the
day today

You did

everything
good we've
studied to handle
these situations

you have
grown alot
even if
you worry
you
haven't.

i love
you guys
very
much

you are doing great.
its hard right now,
but we will be
okay & make
it through it.

you are strong
and im so proud
of you for
persevering

whats to focus on is
how we bounce back from the pain, not
the fact we experience it. it may never
fully stop, but we can keep working to
bounce back and soon dodge & find
it all quite silly. its very frustrating,
but with this said, you doing amazing.
Get some good ZZZs tonight. We'll
continue this journey tomorrow, together.

we can let go of these weird rules,
we won't get far hesitating or policing ourselves

Why do you restrict yourself?

i worry that it
hurts my friends.

i really have associated
that my existence, if i
do not feel guilt, ~~that~~
harm those I love
(or taught myself to love tbh)

if i feel joy and do not
carry shame, then it
causes harm. I am
not allowed to be shameless.
i realize that's really
fucked up though.

if... if what
i do (the same things
they do and i celebrate)
cause them harm... why
would it?? its weird,
right? I shouldn't have
this belief. we should
all feel proud of each other
