* This fight is scripted
to be a lose. You cannot win.

im
a girl
but
also a
boy. Its
weird.

Im a guy
despite the
girl.

the girl
is young.

but that
girl isnt
me all
the time

she is, a
girl. The
girl.

Let me

like
GAMES!
DAMN!

wants to
take pics of
his weiner

its like a
shadow in the
hallway.

i do
not
claim
this.

its silly.

personally, I existed before we knew. Just
faceless. Placeholder voice. The whole empty
Canvas. Just knew things. Carried things.

And then there'd be a face I
could call my own.

And then I'd become
alive.

being
in
third
person
can be
frustrating

We just put it back
in there. we're big now.
and its ok, its long ago

its a toy now
its not us now

well i think my
approach isnt
that dumb

u

i experience
anger

A

and my anger makes me bad
irrational, hysterical, extra
it gets combated until i give up

so i pretend to
not notice it
and suck it up
take out any
thought that
go against it
so its no fight

which makes me good

but then
it gets
worse

unless i remove more thoughts

it realized it hasn't really skill regressed,
but rather dedicated a sick amount of time
to discrediting itself in order to not be a threat

it has screwed itself over for
the comfort of others

has moonshine, funny gummy
and first dose of birth control
coursing through its body

i will engage
with online
while my ocd
is not being
treated

is anyones mind
truly equipped to
handle the weight
of this many minds
at once

why do they make
it seem like its okay
when its really not

why doesnt it
work like it does
for others

it doesnt feel good
when everyone just
says its ok

i could do better

when they show they
know i could do better,
things are taken that
i didnt have to begin with

i think what i want to say
is that i wish i ever experienced
a healthy challenge or rivalry
as a child. the one you grow with
why did it always escalate to
losing something that
made me something
it was never a true challenge,
because i forfeited. i forfeited.
for you.

always for you.

do you remember having good memory?

even if i
drag myself
it still is
more requirements
for an illusion
of equality
so why am i here?

it is
better
to
live
without
knowing
the
truth

everything is conditional,
where these conditions
also shift depending
on your quality to
submit, and even when
you do everything that
is wanted, it can
never be enough
this is
universal

if i bite
then i
am bad
because
they love
me

but the love
is so bad
i don't want it

get it i dont
what happened
fucking important
e so much why
my worth??? why
and it be on my accord
feel like punishment now?

is this
the battle
i've avoided
all this time?

suck my

i dont get what ur problem is. you need to talk to people thats like you, that does normal shit.

you cant expect shit to change if u keep being weird and make it easy for bad shit to happen

chill

Stop
feeling
bad, dickhead

we can write 1000 scenes of
our ocs living together and
accepting eachothers quirks

we can write
and draw it all
day and thats
totally fine

but

it wont make the people we have held close
IRL accept our quirks or what we are

**theyre not going to accept us.
we wont ever make them happy and thats fine
they dont respect us. and its unlikely to hapen,
unless we become some jerkass bitch we dont like**

we can be employeed, but if its not the
right job, we'll get judged and told to get a real one.

we can have friends, but if its not the
right friends, theyll tell us to get normaler ones

our hobbies arent right to them unless we do
what is mainstream and makes money. superficial shit/

we can put the cutest outfits on,
and they'll say we look goofy as fuck and try to
give us clothes that they think we should wear

it aint shit we can do "right" by them, honestly.

so lets just let it go. they'll keep saying they love us and not shut the fuck
up about any thing we do, whether its the "right" thing or not. we cant make
them happy. we cant do right by them. it doesnt have to matter.
like seriously - ur abt to get kicked out over feeling guilty for someone paying
to get a car fixed because they said u ruined their birthday. ur reaction is
normal. these people are just weird! u really gotta let it go

ida, everything

bad?

"wrong"

something
right

this will
not feel

someday.

?

they said we are bad when we
listen, and bad if we try to
help ourselves, and bad if
we don't. oh well.

im not
saying
you are.

but
to get
a better life,
we have to be
"bad"

and im so proud
of you for

whats to focus on is
how we bounce back from the pain, not
the fact we experience it. it may never
fully stop, but we can keep working to
bounce back and soon dodge & find
it all quite silly. its very frustrating,
but with this said, you doing amazing.
Get some good ZZZs tonight. We'll
