

**Thank you!!**

Your support allows us to continue:

Dear Lions, Leos, and Friends,  
The Beacon Lodge Brick Walkway was originally installed in 2007 and has been updated every year since. The walkway, patio, and wall area were professionally installed and are a beautiful addition to the Governor's Green. This fundraiser has helped to fund several major projects and improvements at Beacon Lodge, and it continues to be a wonderful way to show your dedication to the camp and to honor or memorialize those you love and respect.

Respectfully,  
Beacon Lodge Board Members
