# THE HISTORY OF MEWGENICS!

IN 2010 EDMUND HAD A MEAT BABY! A YEAR LATER HE HAD AN ISAAC!

AND IN 2012 HE STARTED ON MEWGENICS..

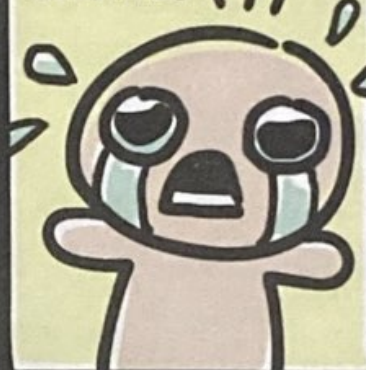

IN 2013 MEWGENICS WAS CANCELED AND EDMUND LOST HIS MIND.

TIME PASSED...

THE BINDING OF ISAAC GOT A REMAKE. !!!

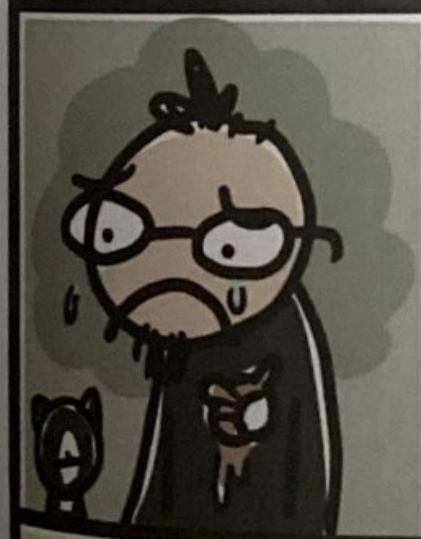

THE END IS NIGH WAS CREATED WITH TYLER GLAIEL.

BUT EDMUND FELT EMPTY, LIKE THERE WAS A SMALL CAT SHAPED HOLE IN HIS HEART.

SO IN 2019 TYLER AND EDMUND DECIDED THAT MEWGENICS WOULD BE THEIR NEXT GAME! COMPLETELY REMAKING THE ANCIENT PROTOTYPE INTO A FULLY FLESHED OUT MAGNUM OPUS!

BUT WHAT TYPE OF GAME WOULD MEWGENICS BE?

A BRAWLER?

NA!

A PIKMIN LIKE?

TOO EASY!

A TACTICAL RPG  
ROGUELIKE?

HELL YEAH!

BUT WHAT'S THE GAMEPLAY LOOP? WELL YOU...

MEWGENICS FACT SHEET!

I realize this comic doesn't talk much about the game it's attempting to sell you on, so I thought I'd do a little info dump on this page.

Mewgenics is a Tactical RPG roguelike where you breed, class, and level up your cat ~~family~~ army as they adventure further and further from home.

Throughout their adventures, your cats will collect a slew of items that imbue them with insane abilities, gain spells, passive skills, and destroy a giant array of interesting and complex enemies and massive bosses!

The game goes WAY further than all that, but I'd like to conclude this with some bullet point features because it will look less overwhelming to people who hate reading ( like myself ).

Features:

- 200+ hours of gameplay! WTF!!
- 1200+ unique abilities that can be leveled up! ( that's a lot! )
- 800+ items! many in sets with set bonuses ( kinda like that other game )
- 10+ totally rad classes! ( Fighter, Hunter, Necromancer.. you know the drill )
- 100s of weird pieces of furniture to put in your house! ( they have function beyond looking ugly )
- 7 NPCs to interact with and level up!
- 200+ Harrowing enemies!
- 50+ Bonkers bosses!
- Tons of cool quests!
- Interactive poop!
- A story that will make god cry!

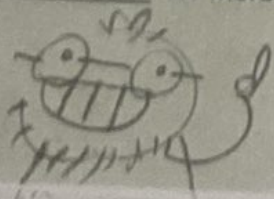

The game has a ton of features and an ungodly number of bits and bobs that will make it feel endless and each run unique!

Oh, also, the game features 9,999,999,999,999,999+ cats!

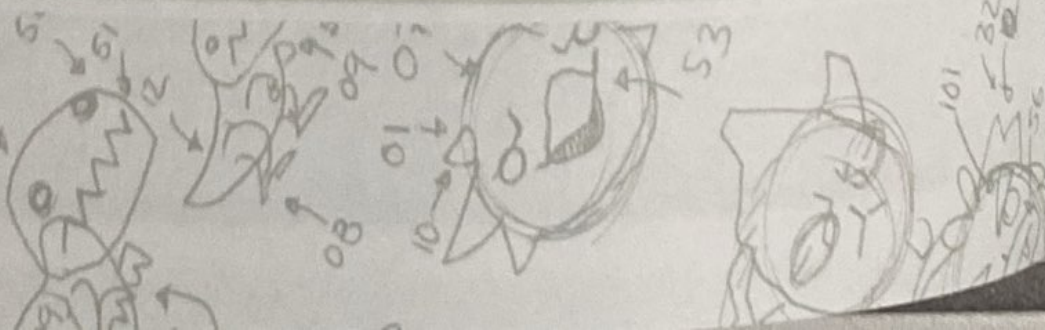

Visit [MEWGENICS.COM](http://MEWGENICS.COM) for more info!
