

Commission Terms!

Payment: upfront

Turnaround Time: Commissions typically take 2-4 weeks to complete. Please be patient, as I currently am working on multiple other projects.

Revisions: 2 Revisions are included. Very major changes and additions may require an extra fee.

Usage Rights: Feel free to use the finished commission for anything you want with proper credit. This includes commercial uses without any additional fees. You may not, however, claim the piece as yours, alter or edit it with AI, nor use it for illegal purposes.

Refunds: Refunds are unavailable.

Ownership: The finished commission is yours to use! However, please do not claim my art as yours. Proper credit is required if the commission is used for commercial and non-commercial purposes alike. You may not upload the image to any AI image generators, not even as a vague reference.

Communication: Ask me about anything! You can reach me on Ko-fi, or at epeexx@gmail.com. Please provide descriptions as detailed as you can when requesting a commission. References will also help the outcome be more to your liking.

Boundaries: I will not draw NSFW, heavy machinery or environments (yet). All commissions come with a simple background that you can also change to your liking. Please note that I'm still an intermediate and in the process of learning, and my style also may evolve over time.
