TRAVEL

Celebration City theme park in Branson, Mo., features 32 rides and attractions and a laser and special effects show each evening through Sept. 29.

Stunts, movies, more join lineup in Branson, Mo.

Celebration City — which is billed as Branson, Mo.'s biggest nighttime family attraction — has added three new attractions for the summer vacation season.

"Mountainboarding: Big Air!" is a high-flying outdoor stunt show that lets visitors watch as athletes pull off stunts on ramps and rails.

Kids can produce and star in famous films like "Rocky," "Agent Cody Banks," "Legally Blonde" and "The Pink Panther," via "Movie Magic."

The live stage show offers kids the chance to learn about the science and magic of movie making.

Celebration City also presents two new VeggieTales movies, "Sheerluck Holmes and the Golden Ruler" and "LarryBoy and the Bad Apple."

These animated veggies are known for award-winning movies and videos with positive lessons about friendship and honesty.

Kids also can meet stars of the movies — Bob the Tomato and Larry the Cucumber.

"Movie Magic" and "Mountainboarding: Big Air!" run through Aug. 20.

Another highlight at Celebration City is "Ignite the Night," a nighttime special effects show.

This high-tech dramatic presentation includes huge water cannons and pyrotechnics that accentuate a story of the American spirit.

The show is featured each night on the park's Great Lawn.

Celebration City, a Silver Dollar City Attraction, is open from 3 to 10 p.m. every day. More information, including schedules and tickets, is at (800) 831-4FUN or online at www.celebrationcity.com.

Celebration City, which is billed as Branson, Mo.'s biggest nighttime family attraction, presents extreme family adventure with the "X" sport "Mountainboarding: Big Air!" show.

Dead Sea Scrolls headed to Maltz Museum

BEACHWOOD, Ohio — One of the most well-preserved fragments of the Dead Sea Scrolls ever discovered will be on view at the Maltz Museum of Jewish Heritage beginning Aug. 1.

This fragment will replace

A BIT OF BACKGROUND

The Maltz Museum of Jewish Heritage in Beachwood, Ohio, features personal stories of individuals and families — past and present.

These stories come to life in the exhibition galleries through state-of-the-art technology, films, computer interactives, unique artifacts, compelling oral
